## THREE CUSTOM COLOR LIPSTICKS

Everyone has had one – a loyal partner in crime, a lipstick you rely on, the shade that brightens dull winter days. Until suddenly, without warning – gone, discontinued, lost forever.

At Harvey Nichols, Knightsbridge, we can offer you an easy road to restocking your cosmetic bag. Simply bring in a swatch of your favourite shade, and the team at Three Custom Color will recreate your personalised lip colour. And the fun part? It can be anything that tickles your fancy – that discontinued lipstick, a piece of fabric, a paint swatch, a photo from a magazine, or even a crayon.

Three Custom Color lipsticks, £70, are available through the Beauty Concierge.

# ALTERATIONS

From taking in a jacket to shortening hems, our in-house Alterations Service at Harvey Nichols, Knightsbridge can tackle almost any item of clothing purchased at any one of our UK stores or online. To find out more about the services below, speak to one of our team.

---

## TAILORED IN-HOUSE

To ensure the highest standards of workmanship, all alterations are carried out by our in-house tailors. However, in the case of specialist materials that we are unable to alter (such as leather, knitted and heavily embellished items), our team can put you in touch with a trusted third-party expert.

---

## TACKED FITTINGS

Looking to perfect a formal gown or suit? Our Alterations team offers a specialist tack-fitting service. This involves hand-stitching garments to show you how they will fit before the fabric is cut and final changes are made.

Tack fittings involve an extra charge of £10 to £20 per garment. This charge is only added once, not per fitting.

---

## REPAIRS

Don't fret over frays and lost buttons: any garments purchased in Harvey Nichols can be repaired. This will incur a charge which will be decided on by the fitter after they have assessed the repair required.

---

## DRY CLEANING

A dry-cleaning service is offered but this is outsourced to Blossom & Browne's Sycamore, which offers the latest cleaning technologies backed up with traditional hand-finishing where required.

---

## STORE CONCIERGE

We know there's a lot going on at Harvey Nichols. Eight floors of the latest fashion, accessories, beauty, food and wine, and much more, can get confusing. That's where the Store Concierge comes in. We're here to help.

You know when you've got one friend, the one with all the connections, who seems to just know EVERYTHING about EVERYONE. That's us at the Store Concierge, even though we do say so ourselves. We'll welcome you as you come in and then we can book you in for a mani, or a wet shave, whatever. We'll make your restaurant reservations, not just in-store – anywhere you fancy in town; we can even recommend somewhere.

Oh and as we know, shopping can be, well, heavy, with all those bags, so we suggest that you feel free to leave them with us while you head off to the Fifth Floor Café, or for a blow-dry. And no, we're not going to give you a funny look if you're just asking for directions to the toilets. We're also not going to push you a pair of six-inch heels if you're after gift ideas for your Grandma (unless that's what she likes!).

The thing is, we're friendly, and we're here to help make your shopping day as easy and as much fun as possible.

The Store Concierge team is available from 10am until 8pm weekdays and from 11.30am until 6pm on Sundays. For more information, please email [concierge@harveynichols.com](mailto:concierge@harveynichols.com) or call +44 207 259 4255.

## STYLIST STATION

You may think you don't need a stylist. What do they actually do anyway, these stylists with their fancy job titles? And you're bound to ask yourself how much they're going to charge you on top of everything else. Well... let us tell you.

First of all, consulting a stylist doesn't cost anything. It's free. Yes, you heard correctly.

Secondly, what they do is advise you on things that suit you that you haven't thought of, or about a NEW BRAND you haven't heard of. They will tell you what the trends are, even if following fashion is something you do at a respectful distance. They may even convince you that the signature style you've been clinging onto for the last six years is a bit, um, yesterday.

Thirdly, they won't give you the hard sell. They want you to have a GOOD TIME, buy something you'll love and wear until it falls apart – at which point, you'll come back to see them again, have another good time and buy something else you'll love.

Did I mention that it's free. And you get Champagne. And a cute changing room all to yourself in the Stylist Station on the Third Floor. And it's still free.

The Stylist Station team is available from 10am to 8pm, Monday to Saturday, and from 11.30am to 6pm on Sundays. For more information, please email [stylist@harveynichols.com](mailto:stylist@harveynichols.com) or call +44 207 201 8688.
